Summary _____

I am a self-taught, JavaScript Web Developer with 1 and a half years of coding experience. I have built several projects listed on my portfolio where I use a variety of coding languages to achieve different outcomes.

I have past work experience as a retail assistant manager and visual merchandiser for more than 9 years, where I had the chance of developing my communication skills and team building abilities. Having worked in high paced environments, I was able to demonstrate my creative problem-solving and adaptability to unexpected changes.
